# My Portfolio

Naomi Heath
(naomigrh)

General Inspiration

- Searched for portfolio examples
- Determined which elements drew my attention
- Started thinking about layout and format

Examples are www.rachelwong.dev (below), www.eina.ca (top right), www.cococode.dev (bottom right)

Asked myself:

What do I appreciate in a website?

What can I realistically achieve with my current skill set?

EO   about   works   contact   🌙 too bright?

GET IN TOUCH

Say Hello!

If you'd like to send me a message, I can be reached through various ways! If you prefer email, simply fill out the form below or send me a message directly at `hi@eina.ca`.

Name

Digital marketing   Effective communication   Budgeting

Sitemap

**Home:** main page and links to child pages (About, Blog, Contact, Portfolio)

About: general info about myself

Blog: 5 blog posts (preview) links to a full blog page (Post1)

Contact: contains contact form

Portfolio: current skills and coming projects. Links to PDF of resume (Resume)

**Nav** bar present on all pages to easily jump from each one

Wireframes- Home

Home:
- Introduction
- Links to other pages
- Nav bar
- image/picart of myself

Mobile VS Web:
- Nav bar horizontal to vertical
- Images smaller
- Content in columns instead of rows

Home I About I Blog I Contact I Portfolio

Welcome

Pic of me

Home I About I Blog I Contact I Portfolio

Welcome

Pic of me

Button   Button

Wireframes- About

About:
- Image of myself
- Additional info about me
- Content about interests
- Images relating to interests
- Back to top button

Mobile VS Web:
- Nav bar horizontal to vertical
- Images smaller
- Content in columns instead of rows

Wireframes- Blog

Blog:
- 5 sample blogs
- Images
- Date and time posted
- Blog "preview"
- Read more links to full blog page

Mobile VS Web:
- Nav bar horizontal to vertical
- Images smaller
- Content in columns instead of rows
- Back to top button

Wireframes- Post1

Post1:
- Blog post
- Image
- Uses same format as About for consistency

Mobile VS Web:
- Nav bar horizontal to vertical
- Images smaller
- Content in columns instead of rows
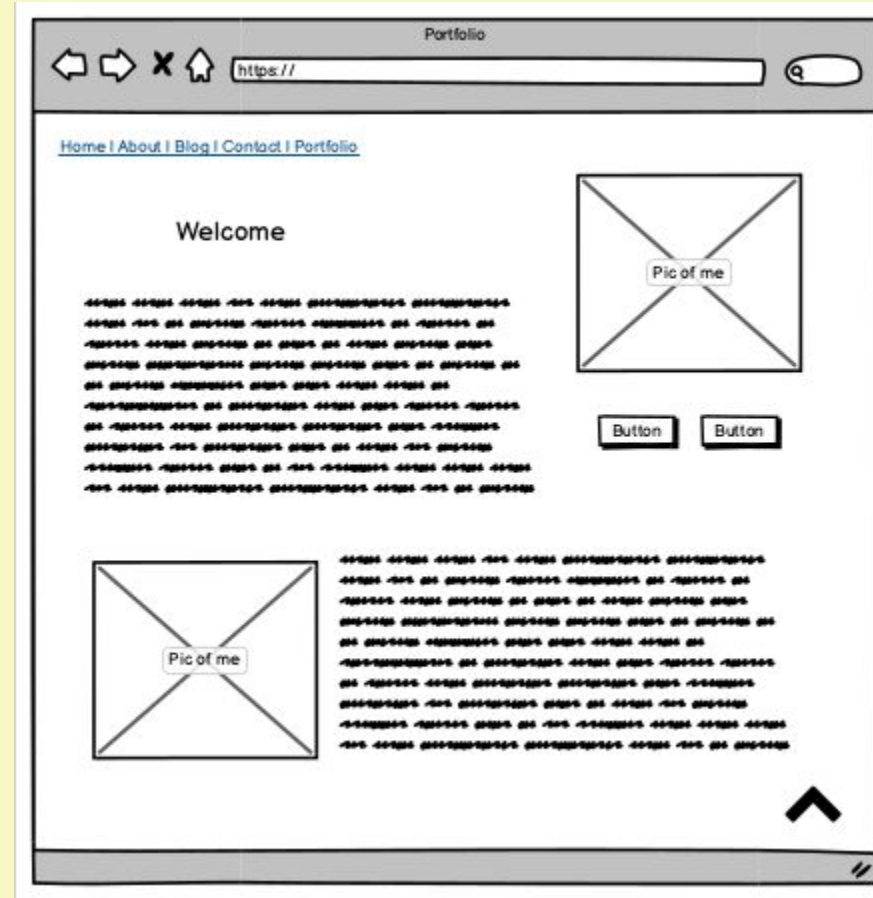

# Wireframes- Contact

Contact:
- IContact form
- Submit button

Mobile VS Web:
- Nav bar horizontal to vertical
- No image in mobile view
- Centered in mobile view

Wireframes- Portfolio

Portfolio:
- Skills (tech stack)
- Projects
- Resume (pdf)

Mobile VS Web:
- Nav bar horizontal to vertical
- Icons horizontal to vertical

Moodboard and Colour Palette

Design process:
- Original background image (below) too busy
- Scaled down colour palette for "clean" look

Components

Text and graphic components including:
- Contact form
- Logo and Nav bar
- Links to social/professional sites
- Images relative to content
- Back to top button

Challenges and Ethical Issues

Challenges:
- Sticking to one design
- Flexbox
- Responsive design
- Nav bar for mobile design
- General positioning
- Wanting to "fill space"

Ethical Issues:
- Sourcing image content
- Using code snippets
- Referencing other work
